Product Details

Product Name: [Yurt wheel star cap](#)

Category: [Yurt Parts & Options](#)

Description: *We can make yurt star caps in five colours, olive green, sand brown, white, deep blue and dark brown.*

They all have clear central windows and five points. Designed to fit a 40 - 42inch diameter wheel (102cm - 107cm) and for a roof pitch of around 30 degrees. These are all made to our usual high standards, with curved wind resistant edges, heavy 'D' ring fittings and guy ropes. The caps are in polycotton or 100% cotton, all with fire retardant and rot inhibitors as well as the water proofing. We can fit silicone flue collars if required for an additional £68.00 inc vat. These flue collars are designed for flue diameter of 3 - 6 inch (7.5cm - 15.3cm) simply trim to fit. Photos show a blue cap for illustration purposes plus a pic of the three colours. Note the silicone flue collar fitted on the blue cap. We have standard patterns for Steve Place yurts, Yurtworks and our own, but we can make to fit your yurt.

RRP: £135.00
